

Internet Acceptable Usage Policy

Knockanes National School

Educationalists believe in the benefits of curriculum-based internet use. The purpose of the Internet Acceptable Usage Policy is to ensure that pupils will benefit from learning opportunities offered by the school's internet resources, and will be protected from harmful and illegal use of the Internet.

Knockanes National School will employ a number of strategies to maximise learning opportunities and reduce risks associated with the Internet. These strategies are as follows:

- Acceptable Usage Policy
- Education
- Filtering/Monitoring

Pupil Access to the Internet

The school is pleased to offer the internet as an available resource to both pupils and teachers for reference purposes, researching project materials, playing interactive educational games, learning to touch-type, for lesson reinforcement and distance learning. Access to online resources will enable pupils to explore thousands of libraries, databases, and bulletin boards throughout the world.

Electronic information research skills are now fundamental to preparation for living and working in this information age. The school will integrate such information as appropriate within the curriculum, and staff will provide guidance and instruction to pupils in the appropriate use of such resources, as outlined in this policy. Pupils' use of telecommunications and electronic information will be taught and provided for from Junior Infants – 6th class and will only be permitted upon submission of permission and agreement forms by parents of pupils and pupils themselves.

1. Pupils will not be given access to the Internet in school without teacher supervision
2. Internet will be used for educational purposes only
3. Internet sessions will always be supervised by a teacher
4. Pupils will seek permission before entering any Internet site, unless previously approved by a teacher
5. Filtering software will be used to minimise the risk of exposure to inappropriate material
6. The school will regularly monitor pupils' internet usage
7. Pupils will receive training in the area of internet safety
8. Teachers will be made aware of internet safety issues
9. Uploading and downloading of non-approved material is banned
10. Virus protection software will be used and updated on a regular basis
11. The use of personal external storage devices or CD-ROMS in school requires a teacher's permission
12. Pupils will observe good 'netiquette' (etiquette on the internet) at all times and will not undertake any action that may bring a school into disrepute
13. 'YouTube' (and similar sites) can be accessed only by a teacher and not by a student

Email

1. Students will use only approved email accounts under supervision by or permission from a teacher
2. Students will not send or receive any material that is obscene, defamatory or that is intended to annoy or intimidate another person
3. Students will not reveal their own or other people's personal details, such as addresses, telephone numbers or pictures
4. Students will note that sending and receiving email attachments is subject to the permission from their teacher

Internet Chat

Students are not permitted to use internet chat rooms.

School Website / Facebook / Instagram / Seesaw / Google Classroom

Pupils may create projects, artwork, writing or audio-visual recordings which would be suitable for publication on our school's internet platforms. Designated teachers will manage the publication of material on the school website adhering to the stipulations below.

1. Personal pupil information, home addresses and contact details will not be published on the school website
2. Class lists will not be published
3. Pupils' full names will not be published beside their photograph
4. Digital photographs, video clips and audio clips will focus on groups and group activities rather than on individual pupils when possible
5. Pupils will be given an opportunity to publish projects, artwork or school work on the school's internet platforms.
6. Teachers will select work to be published and decide on the appropriateness of same.
7. Permission to publish a student's work will be sought from pupils/parents/ guardians. This permission may be withdrawn at any time
8. Pupils will continue to own the copyright on any work published.

Education and Internet Awareness

Knockanes National School regularly undertakes education programmes to educate children on the safe, responsible use of the Internet. Cyber-bullying has become a significant threat for teenagers. Through education and awareness, we aim to limit our children's susceptibility to it as they progress to secondary school. 21st century life presents dangers including violence, racism and exploitation from which children and young people need to be protected. At the same time, they need to learn to recognise and avoid these risks – to become internet wise.

Resources that may be used to implement this programme include:

- NCTE Internet Safety Awareness Video
- Use of the 'Kids' section on the www.webwise.ie website
- SAFT Internet Safety Awareness Education Programme and exemplars
- External experts on Internet safety to give talks to parents, pupils and staff as necessary.
- The Stay Safe Programme

Filtering

The school will use the Internet provided and filtered by the NCTE (National Centre for Technology). ‘Filtering’ is a term used to describe a way of limiting the content of web pages, emails, chat rooms and other electronic data to which users may be exposed. Knockanes National School also uses additional filtering software on all our machines, which, while not foolproof, thus filtering pupils’ access to the internet further. No filter is 100% accurate. The most effective filtering tool is adult vigilance. At Knockanes National School, we believe that the advantages to pupils having access to information resources and increased opportunities for collaboration far exceed the risk of disadvantages.

The access to websites from all school computers is monitored and regularly reviewed by the NCTE. Websites are only allowed through following a verification of their suitability.

Many browsers have their own built in filtering tool e.g., Google. Google’s search engine has a built-in “Safe Search”. This filter eliminates sites that contain pornography and explicit sexual content from search results. It is easily applied by clicking on the **Preferences** link on any Google page. Unfortunately, it is also easily removed. The school will also recommend children to use www.kiddle.com (Google’s Search Engine for Children) when researching.

Firewall software can be purchased or downloaded free from the Internet. Knockanes National School has installed firewall software. Our systems are regularly reviewed by staff and by an IT Consultant

iPads / Laptops / Chromebooks

Every site that is accessed within the school network or by a school machine is monitored. An audit of internet usage may be run at any time.

Use of laptops that travel between home and school are subject to all stipulations, procedures and sanctions outlined in this policy 24 hours a day, 365 days a year. Parents of children who have been sanctioned iPads / laptops for SEN purposes are instructed to be vigilant in monitoring their use in the home, as per procedures for school. Parents of all children are advised to keep laptops in a common area (i.e., kitchen or living room) with the screen visible to others while a child may be on the internet. The use of laptops by children in their bedrooms is not recommended.

Sanctions

If a pupil deliberately misuses the internet or email, is found running searches on inappropriate topics or attempting to access inappropriate/unsuitable websites, this will result in disciplinary action in conjunction with the school’s Code of Behaviour and Anti -Bullying policy. Parents/guardians will receive notification of misuse by a pupil.

This policy was ratified by the Board of Management on _____.

Responsible Internet Use - Pupil Undertaking

We use the school computers and Internet connection for learning. These rules will help us to be fair to others and keep everyone safe.

- I will ask permission before entering any website, unless my teacher has already approved that site
- I will not bring external storage devices such as pen drives (or memory sticks/USB keys etc) into school without permission
- I will not attempt to access any E-mail accounts unless under supervision or permission of the teacher
- I will not use internet chat rooms
- If I see anything I am unhappy with, or if I receive a message I do not like, I will tell a teacher immediately
- I know that the school may check my computer/iPad files and may monitor the sites I visit
- I will not change the home screen picture on any school device.
- I will not change any passwords on any school device.
- I will not take photos or videos of any person in school unless my teacher has given me permission to do so.
- I will follow all instructions of the teachers in Knockanes National School when using the school iPads / laptops / chromebooks and internet connection for learning.
- I understand that if I deliberately break these rules, I could be stopped from using the Internet and computers/iPads and my parents will be informed.
